Explanations	

Our production facilities have been effected by the flood occurred in Bogor, Indonesia at located our subsidiary PT Indo Kordsa's plant. As a result of this incident, all of the Company's production operations had to be temporarily stopped. This situation is a force majeure for PT Indo Kordsa's customers and business partners. The effects of the Force Majeure are not clear yet, and we will inform all our customers and business partners to minimize operational disruptions immediately once the damage and effects are properly assessed. Currently, the Company is carrying out cleaning and facility repairs to restore operations as quickly possible. All employees have been safely evacuated with no casualties. Information relating to assessment of damage and effects and continuation of production operations will be provided in the future.
